

Manufactured Housing Furnaces by Coleman® HVAC

Rugged. Dependable.

Legendary performance and reliability

Assembled and tested in our state-of-the-art manufacturing facility in Wichita, Kansas, Coleman® heating and cooling products are trusted to deliver superior performance and rugged dependability that's easier to sell, install and service. Our products for manufactured homes are no different, featuring world-class quality in a small footprint with HUD code approval.

Backed by a leader

Thanks to the award-winning expertise of parent company Johnson Controls, the Coleman® HVAC line of manufactured housing furnaces are designed and built to the highest quality standards – delivering performance, efficiency and value with every unit.

Coleman® EB Series Electric Furnaces

- **Zero clearance** feature allows the furnace to be installed where space is a premium
- **Built-in coil cabinet** allows for ease of installation and highly efficient operating performance
- **Multi-speed blower** capable of handling cooling and heat pump loads

Coleman® DGAA/DGAH Series Gas Furnaces

- **Louvered front door panel** construction for durability
- **Fits standard manufactured housing space** for ease of installation
- **Electronic hot surface ignition** saves fuel costs with increased dependability and reliability

Coleman® MG9S Series Gas Furnaces

- **Solid front door panel** construction for durability
- **Compact 33" cabinet** easily fits in tight spaces
- **Induced combustion system** with Inshot main burners ensures quiet, efficient operation

Quality to count on

Coleman® HVAC products are proudly assembled and tested right here in America's heartland. That's why we're able to cover our Coleman® furnaces for manufactured housing with some of the strongest warranties in the business.

- * Gas furnaces come with 15-year (MG9S) or 10-year (DGAA/DGAH) heat exchanger limited warranties.
- * Electric and gas furnaces come with 2-year parts limited warranty
